Notes: Teacher component is difficult to navigate. Program provides standards that could be taught; however, it does not teach many of the skills that were mentioned. If this program were used, it would be best for a reading intervention to give the kids the opportunity for more informational reading texts.Meets some CCSS for reading informational texts, but very few other standards. (Student) materials are user-friendly and easy to navigate. **Key Features:** **TeenBiz3000**® is a differentiated online literacy solution for grades 6-8 that reaches every student at his or her individualized Lexile®/reading level.
